President’s Message:

I hope everyone has enjoyed their summer and it was filled with time spent having fun with family and friends. We work hard day in and day out and it’s important to remember what comes first. By now, many of you have had the opportunity to work with our new apprentices. Please remember where we all were at one time in our careers- new to construction and new to our union. It’s our duty and responsibility to bring our new apprentices along in an effort to “ show them the ropes “ and help them on their paths to a successful career. Respect one another and always remember that they are the **FUTURE** and their success is our success! Take care of each other and as always, please don’t hesitate to contact me if you need anything at all.

Fraternally Yours,
Jim Szymaniak
