

IBEW LOCAL 325

MAY 2021

Greetings Brothers and Sisters,

I would like to start out by Congratulating sister Shonni Hinrichsen for being the first woman to chair a regular union meeting in IBEW Local 325. Well done sister! On September 1, 2020, Gina P. Cooper was sworn into office as the first female International Vice President and I was able to speak with her a few weeks ago via zoom. I have also met female Business Managers on zoom meetings through the International. We are lucky here in Local 325 to have women willing to dedicate their time and get involved in the Local.

Market Share, If you normally read the newsletter, you know I have referred to market share many times. I am proud to say that the 2019 NLMCC inside employment market share report is in and at 44%, we have the highest percentage since 2004, when the records started. In 2018 we were at 35%, so that was a pretty big gain in 1 year. We want to continue this trend and keep taking market share from the non-union by doing projects with union labor. We all can play a part in this by supporting your Local union, coming to union meetings, and living up to the code of excellence out on the job. If our contractors succeed, you succeed, allowing them to continue bidding more projects, which in turn keeps our members employed.

Fraternally yours,

Kelvin
