

IBEW LOCAL 325

JULY 2025

CELEBRATING 250 YEARS!!

Happy 4th of July! What a great country we live in, as we celebrate the 250th anniversary I want to give thanks to the forefathers that founded this country and drafted the Declaration of Independence and our Constitution. We have so many freedoms that other people around the world do not have.

Work is abundant for the IBEW and there is a shortage of Electricians in the IBEW. Market share goes to the unrepresented worker (non-union). That is correct, more electrical work is being done by non-union electricians than union. From small shops to large companies with thousands of electricians. We need to fight for what we have and push forward to do more of the work and gain market share little by little, every man hour matters!

I want to thank each and every member that voted on July 20th for our local union officers. You showed up and cast your ballot and made your vote count.

Be kind and look after each other!

Fraternally , Kelvin
